Just like new! Built in 2020, this ranch style home boasts 3 bedrooms and 1.75 bath on the main with an unfinished basement. The kitchen has ample cabinet storage along with a cabinet pantry and shares an open concept with the living room. The living and kitchen have vinyl plank floor running throughout. Both main floor bedrooms have closets, carpet and windows that provide loads of natural light. The master has a double closet and master bath with a step in shower and tile floor. The laundry is also on the main. The home is wheelchair accessible throughout the main floor. The basement is a blank canvas ready for your custom design. The home has clear span floor trusses so the requirement of a load bearing wall will not hinder your layout. The basement has two egress windows and is plumbed for a full bath. Many upgrades outside include a lawn sprinkler system, concrete patio in the back, landscaping and additional outlets perfect for Christmas lights. These outlets are controlled by a timer switch inside the home. The garage is oversized and measures 32' deep! Don't wait in this one!
